

Mt Roskill Intermediate School Values and Vision Statement

As part of our curriculum development, Staff have reviewed and refined our Values and Vision for the School.

This process has included the ideas of students and staff about the kind of learner and citizen that MRI seeks to develop. We have sought to simplify, yet maintain the intent of our Vision and Values Statement.

The School Motto of Strive, Seek, Find, has been used as a basis.

The model below is the result of this process that will be encouraged, modelled and explored by Students.

An important part of the next stage is your input. At MRI we value the relationship between students, staff and families.
